

Literacy

As we have World Book Day this week we will be enjoying lots of our favourite stories. We will be going on a character hunt around the school to see which book characters we can find. We will also have a 'puppet theatre' on our carpet for the children to make up their own stories! If your child has a favourite book at home, it would be lovely to have a photo of them reading the book which we can put in their learning journeys.

Communication and Language

To celebrate World Book Day we will have lots of props for the children to retell their favourite stories. We will also be updating our learning journeys. We will encourage the children to hold a more in-depth conversation with an adult, taking it in turns to talk and answer questions in more detail about what they have been learning about in class.

Physical Development

We will be encouraging the children to write their names and also be encouraging those that are able to hold a pencil correctly.

Nursery Learning

4th-8th March

World Book Day and Learning Journeys

Expressive Arts and Design

This week we are making someone special a card. Look in your book bags on Sunday for a nice surprise!

Personal, Social and Emotional Development

During our Jigsaw session this week we will talk about if it is nice to say unkind things to our friends? How does it make you feel when someone says something nice to you?

Mathematics

The children will be playing a range of online maths games on the interactive whiteboard, focusing on linking numerals and amounts; knowing the right number of objects and matching the right numeral.
