

Personal Social Emotional Development

In our Jigsaw lesson this week we will be talking about what we are good at and understanding that everyone is good at different things.

Expressive Arts & Design

We will be using our creative skills to select the resources we need to create traditional tale props.

Communication, Language and Phonics

We will be learning the phoneme **j** and the digraphs **ff**, **ss** and **ll**. Our new tricky words this week are: **put, pull, full, as.**

In our phonics sessions we will be reading a short phrase each day and writing a CVC word.

Literacy

During our whole class reading this fortnight we will be enjoying a variety of traditional tales. This week we will be focussing on sequencing and retelling the story 'The Gingerbread Man'. You can support this learning at home by asking your child to repeat refrains from their library /story book at home. Practise saying short refrains with expression and intonation.

What do you know about traditional tales?

RECEPTION LEARNING

Physical Development

This week we are continuing to develop our finger muscles with lots of fine motor activities. We will also be strengthening our gross motor skills by using the brooms and rollers in the outside classroom.

Maths

In maths this week we will be looking at space, shape and measure. We will be looking at different 3D shapes and their properties, length and capacity.

What 3D shapes can you see in your environment at home?

Can you find something that is longer than your foot?

When you're pouring a drink, which cup can hold more water?

Understanding of the World

We will be using a computer program to find different ways of making a journey.
