

Personal, Social and Emotional Development (PSED)

In circle time this week we will be talking about our feelings and how happy and sad emotions can be expressed.

Expressive Arts and Design (EAD)

We will be focusing on what we can see and doing some observational drawing of different interesting objects like flowers, shells and fruit.

Learning

The Senses

(sight, smell, taste)

Communication and Language (CL)

This week we will continue to explore our senses. We will be focusing on sight, smell and taste.

We will be using descriptive language to describe what we can taste/smell, for example, sweet, sour, salty, bland etc. We will also be using our sight to uncover pictures and guessing what they are. At home, please could you talk to your child about what they can smell, taste and help them to develop their descriptive language.

Literacy

We will be reading a range of non-fiction books about the senses, focusing on sight, smell and taste especially.

Maths

We will continue to sing number rhymes and counting forwards and backwards.

We will also be talking about and identifying the patterns around us, for example stripes on clothes, designs on rugs etc.

Physical Development (PD)

We will be focusing on fine motor skills and will have lots of opportunities in the classroom for the children to use one handed tools and equipment.

Understanding the World (UW)

As part of learning about the senses, we will be tasting and smelling different hidden objects and trying to guess what they are and what room we would find those tastes/smells in.
