

Personal Social Emotional Development

We will be talking about the value of the month- appreciation. What does it mean? How and when do we show appreciation? We will celebrate when we see ourselves demonstrating appreciation- perhaps we can show appreciation to our lovely school cooks after our Christmas lunch!

In our Jeanie Jigsaw lesson, we will be talking about how to stand up for ourselves when someone says or does something unkind.

Expressive Arts & Design

In our independent learning, we will be using our creative skills to make Christmas cards, decorations and a party hat!

Communication, Language and Phonics

We will be revising all the phonemes we have learnt so far whilst specifically focusing on the digraphs; th, qu, sh, ch, ng and nk. We will be continuing to practise our decoding and blending skills to read CVC words.

8.12.25 AND 15.12.24

RECEPTION LEARNING

Physical Development

We will be developing our fine and gross motor skills as we explore the indoor and outdoor environment.

Literacy

During our shared reading over the next two weeks we will be reading the 'Nativity' and other Christmas stories. As you read your library book this week consider if it reminds you of another story/book you have read. How is it similar? How does it differ?

Please remember to return your library book each Monday

Talking point: What do you know about Christmas?

Maths

We will be learning about time, day and night and daily routines.

We will be using the language of time; first, then, next, later and finally.

We will also be sequencing events e.g. the process of brushing teeth and the order of our daily school routine.

Understanding of the World

We will be learning about Christmas and why Christmas is important to Christians. We will be talking about how we join in with our own family customs and routines.
