

## Personal Social Emotional Development

This week in our Jigsaw Jeanie lesson, we will be talking about what the word 'healthy' means and understanding that some foods are healthier than others.

## Expressive Arts & Design

This week we will be learning a new spring song and engaging in some spring related creative activities.

## Literacy

In Literacy this week, we will be reading a selection of non-fiction books to learn facts about the season of spring. Through these books, we'll explore topics such as the changes in weather, the variety of plants and animals that thrive during spring, and the important role this season plays in the natural world. We'll use these texts to gather information, build our knowledge, and deepen our understanding of how spring impacts both nature and daily life.

## Communication, Language and Phonics

In phonics this week we will be reading words that contain two or more digraphs. For example, sh-ow-er, ch-ee-p, t-or-ch etc.

We will spot each digraph in the word first and then decode it. Remember a digraph is two letters that make one sound.

## RECEPTION LEARNING

## Physical Development

This week we are focusing on our fine motor and handwriting skills, ensuring all letters are formed correctly.

## Maths

In Maths this week we will be practising counting to find out 'how many' objects there are. We will learn that the last number we say tells us the total amount. We will count up to 10 securely, looking at 1 more and 1 less pattern within numbers. We will order numbers to 10 and notice the '5 and a bit' structure for numbers higher than 5.

## Understanding the World

This week, we will be introducing the season of spring! We'll explore the signs of spring and discuss the exciting events that come within the season. We will be going on a spring walk around the school, using our senses to discover any signs of spring in our surroundings.

What do you know about spring? Can you spot signs of spring at home or when you are out for a walk?

Parent/Child Talking Point:

What do you know about spring?
