

Personal Social Emotional Development

This week in Jigsaw Jeanie, we will be talking about our feelings about transition to year one. We will be talking about how it is normal to feel mixed feelings, both good and bad and we will be sharing any concerns we may have about moving to year one.

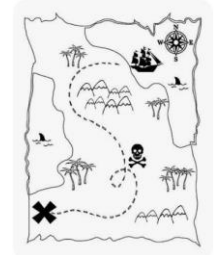

Literacy

This week, we will be consolidating our literacy skills during independent writing activities; creating wanted signs, message in a bottle or writing a fact file about a sea creature.

We will be group reading and practising our fluency and our prediction skills.

Expressive Arts & Design

We will be continuing to use our creative skills to explore making pirate ships, telescopes and treasure maps.

Communication, Language and Phonics

This week we will be revisiting some of the phase 3 digraphs and trigraphs; ur, ow, oi, ear, er, ear. We will be reading words containing these digraphs and trigraphs.

We will also be practising all the tricky words we have learnt this year.

06.07.2026 AND 13.07.26
RECEPTION LEARNING

Parent/Child Talking Point:

What key features/points of interest do you pass on your way to school?

Physical Development

We are looking forward to 'Action Stations'. At the start of the week, we will be practising our skills ready to participate in; throwing, running, dribbling, relay and ball control skills activities.

Maths

This week we will be revising some of the concepts we have learnt this year. We will be revisiting ways to make numbers up to 10. We will also be practising recognising odd and even number and subitising amounts to 5, spotting these within larger quantities.

Understanding the World

This week we will be continuing our learning all about maps. We will be looking at a map of the playground and trying to locate different points on the map. We will talk about what a 'bird's eye view' map is and see if we can work out what each thing is on our school map.

Using our knowledge of maps, we will apply this to create fictitious maps such as pirate treasure maps.
