

GET ECO FRIENDLY

Make your own board game made from recycled materials. You could base it on one you already know or make something new!

Can you make a toy e.g. a rocking horse out of junk modelling resources; empty cardboard boxes and plastic carton etc.?

Invent a new toy. What does it do? Why is it special?

GET RESEARCHING

Use the internet to research and find out about old-fashioned toys.

Ask your family if they have any pictures of their old toys.

Find out a game your grandparents played and play it with them. E.g. Dominoes.

GET DOING

Can you make your very own toy shop? What toys would you stock?

Make price labels and money.

Play a board game you have at home.

DIP AND DO - Toys

GET WRITING

Write about your favourite toy and why you like it.

Imagine the toys in your bedroom come alive at night. Write about their adventures.

GET COOKING

Bake a gingerbread man.

Can you make and have a teddy bears' picnic?

GET ARTY

Draw / collage a picture of your favourite toy.

Make a salt dough/playdough model of your favourite toy.

Salt dough recipe:

1. Mix 1 cup of salt and 2 cups of flour.
2. Slowly mix in 1 cup of water.
3. Model your favourite toy.
4. Leave in a warm place to dry.

GET EXERCISING

Imagine you are a jack in the box, how many star jumps can you do in one minute?

Imagine you are a robot, how would you walk/run/talk?

Imagine you are a bouncing ball, how would you move around the space?

Imagine you are a sticky, stretchy man. How might you stretch?

GET INVESTIGATING

What materials are different toys made from? What properties do they have?

We have been learning about toys. Your child may like to choose some of these activities to enjoy with your child at home – you do not need to do them all! Your child can record their learning on paper or you may like to take photographs. Please ask your child's class teacher if you would like to be provided with paper.

Please return the Home Learning to school by **Monday 16th November**. Thank you!
