Personal, Social and Emotional Development

In our Jigsaw Jenie lesson this week we will be talking about what we are good at and understanding that everyone is good at different things.

Expressive Arts & Design

We will be using our creative skills to select the resources we need to create props to retell traditional tales.

09.11.26

RECEPTION LEARNING

Communication, Language and Phonics

We will be learning the phoneme **j** and the digraphs **ff**, **ss** and **ll**. Our new tricky words this week are:

put, pull, full, as.

In our phonics sessions we will be reading a short phrase each day and writing a CVC word.

Physical Development

This week we will have our first PE dance session. We will be playing games to celebrate friendship.

Literacy

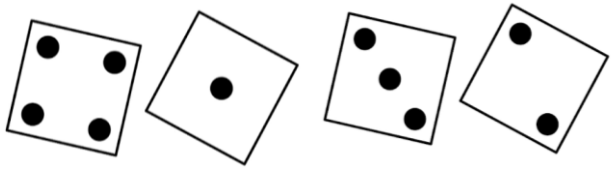

During our whole class reading this fortnight we will be enjoying a variety of traditional tales. This week we will be focusing on sequencing and retelling the story 'The Gingerbread Man'. You can support this learning at home by asking your child to repeat refrains from their library/story book at home. Practise saying short refrains with expression and intonation.

What can you tell me about traditional tales?

Maths

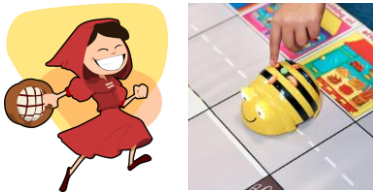

In maths this week we will subitise quantities within 4, or to instantly recognise a small quantity without needing to count.

Playing simple dice games together is a fun way to build number skills at home, helping children practise counting, recognising numbers and adding.

Understanding the World

We will be using a computer program to find different ways of making a journey.

We will also learn about Children in Need and why it is important to help others. We will discuss kindness and how we can make a positive difference.
