

Personal Social Emotional Development

In our Jenie Jigsaw lesson this week we will be learning that it is ok to be different and that being different makes us all special.

Expressive Arts & Design

This week we will be using our rolling, pinching, moulding, pushing and squashing skills to create a diva lamp using clay as a medium.

Communication, Language and Phonics

We will continue to develop our listening skills and learn new phonemes: ff ss ll j.

We will be learning the tricky words: **put, pull, full, as.**

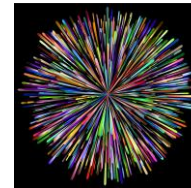

Literacy

During our shared reading this week, we will be reading the story about Rama and Sita and some non-fiction books about Diwali. As you read your library book this week, talk about if it is a fiction or non-fiction story. What is the title? Who is the author and illustrator? Choose some words and find out how many syllables they have.

Please do not forget to return library books each Monday. As you enjoy this week's book, see if you can spot any features in the text e.g., bold words, speech bubbles, words in italics etc.

What do you know about celebrations?

RECEPTION LEARNING

Maths

In maths this week we will be comparing groups of objects using the vocabulary smaller, larger, less than, more than, the same as and equal to.

You can support this learning at home by using the vocabulary above to describe everyday situations, eg 'You have more peas on your plate than mummy!' 'Who has fewer toys, teddy or you?'

Physical Development

Over the next fortnight, in PE we will be creating movements in response to music, moving like fireworks.

Understanding of the World

This week we will talk about the festivals of Diwali and Guy Fawkes. We will think about similarities and differences between ourselves and others, and among our families, communities, and traditions.
