

## Personal Social Emotional Development

We will be consolidating our learning about what it means to be a problem-solving ant. We are learning to:

- Try different methods and talk about it
- Ask many questions and explain our thinking
- Explore how things link together.

This week we will also be talking about how we can keep safe at school, at home and as we walk along the road.

In our Jenie Jigsaw lesson this week, we will be thinking about different ways in which we can be a kind friend.

## Expressive Arts & Design

Over the next fortnight, we will be learning songs for our Christmas Nativity. During our 'Woodland Explorer' session, we will explore textures and create pictures from our rubbings.

## Communication, Language and Phonics

We will continue to develop our listening skills and learn new phonemes sh, th, ng, nk.

The tricky words for the week are:

**she, push, he, of.**

## Physical Development

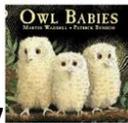

This week we will be exploring our outdoor area using our gross and fine motor skills. We will ride and control wheeled toys, make shapes with our bodies and move in different ways and in different directions.

**27.11.23**

## RECEPTION LEARNING

## Literacy

During our shared reading this week, we will read *Owl Babies* by Martin Wandell. We will learn about predicting Pip and enjoy making our own predictions about the story. You can support this learning at home by encouraging your child to make predictions as you read their library/other books to them.

**Please do not forget to return library books on Mondays.**

**Talking point:  
How can we keep  
safe?**

## Maths

We will be learning about time: day/night and sequencing our daily routine. Please support this learning by talking to your child about their daily routine using the vocabulary morning, before, first, next, then, night, later, lastly.

## Understanding of the World

We will be investigating reflective materials as we talk about road safety and night-time.
