

Personal, Social and Emotional
Development

This week in circle time we will be talking about being different from each other and what makes us special and unique. We will discuss how it is ok to like different things and that is what makes us so special and unique.

Communication and Language

This week we will continue to explore our senses. We will be focusing on sight, smell and taste. We will be using descriptive language to describe what we can taste/smell, for example, sweet, sour, salty, bland etc. We will also be using our sight to uncover different members of staff. At home, please could you talk to your child about what they can smell, taste etc and describe it.

Physical Development

We will be focusing on fine motor skills and will have lots of opportunities in the classroom for the children to use one-handed tools and equipment.

Literacy

We will be reading a range of non-fiction books about the senses, focusing on sight, smell and taste especially.

Nursery Learning

15th-19th January 2024

The Senses

(Sight, smell, taste)

Expressive Arts and
Design

We will have a 'classroom' in our role play area so the children can have a go at being 'teachers', picking 'special helpers' and reading stories!

Understanding the World

As part of learning about the senses, we will be tasting and smelling different hidden objects and trying to guess what they are.

Mathematics

We will continue to sing number rhymes and will be reinforcing numbers 1-5 with some number games.
